

10 September 2016

Chairman Archambault
Standing Rock Sioux Tribe

Brothers,

We pay greetings and respect to you, our Brothers and Sisters of the Standing Rock Sioux Nation. We are the Kanyenkehà:ka (Mohawk) from the Haudenosaunee Confederacy of Grand River Territory located in Ontario.

We have a common hardship when it comes to our original instructions from the Creator. We are meant to live in a reciprocal relationship with the earth. The destruction that is taking place is going to secure the wiping out of life as we know it for the coming faces, those yet unborn.

We live in a time of prophecy.

Our hearts are with you in the struggle to protect the waters and Mother Earth. We share your struggles as we work to stop the oil from reaching your territory through our efforts to protect our lands and waters here from Enbridge's Line 9 and Line 10 pipelines. Lines that run through our territory and could carry the oil to the United States.

We hope our efforts here will protect both our lands and waters, and yours.

We hope to uplift your spirits and wish to encourage you to hold the line!

Oroniatiki Ales McNight Jakerdike 11/11
